Colour Laser All-in-One

LEXMARKTM

One colour device that does it all!

Combine the power of a multifunction printer, add the advantages of colour, and save space and your budget at the same time, with the new Lexmark X500 series. The Lexmark X500n is ideal for small workgroups and businesses who need to generate colour prints, copies and scans quickly and reliably. Plus, with the Lexmark X502n, you also have the added convenience of fax functionality. Multi-tasking has become a lot easier and a lot more colourful.

I need a colour laser All-in-One that can deliver for my office

Smart, to help you work faster.

- Don't sacrifice performance, just because you need colour. The Lexmark X500 series produces mono prints at a rapid 31 pages per minute, ensuring you get the performance of your old mono laser printer and the outstanding print quality of a colour laser.
- Share the advantages of the Lexmark X500n and X502n across the workgroup with standard network print and scan functionality.
- Transfer information at the speed of light with the Presto Page Manager software suite, enabling you to streamline your business processes by moving from paper to digital documents fast and easily.
- From the very beginning, the Lexmark X500 series will save you time. From the simple four click installation process, to the easy to use operator panel and front loading consumables, the Lexmark X500n and Lexmark X502n have been designed to help you get things done faster.

Professional, to represent your business.

- Colour demands attention. The vivid, high quality colour provided by the Lexmark X500 series gives you the power to emphasise your strengths and ensure your business is always represented in the best light.

Versatile, to meet your varied business needs.

- Why buy a mono laser printer, a colour inkjet, a copier, a scanner and a fax machine? The Lexmark X502n All-in-One allows you to efficiently perform all of these functions in one compact device, freeing up your office space and improving your productivity.

I need a colour laser All-in-One that I can depend on

Customers for Life.

- Lexmark is focused manufacturer and supplier of laser printers and multifunction devices across the world. Through listening and working closely with its customers, Lexmark has developed more than 50 models of award winning colour laser devices. This knowledge and expertise has been combined in the reliable, high-quality Lexmark X500n and X502n Colour All-in-One's.
- World-class support.
- Have the peace of mind that if you do ever have a problem with the Lexmark X500 series that expert help is just a phone call away. Plus, with the 1 year onsite warranty, our trained engineers will come to your home or office to get you back in business, faster than ever. Extended warranty terms are available.

Lexmark supports the environment by reducing paper wastage. As one of the many environmental initiatives Lexmark does not pre-print brochures.

In Australia Lexmark partners with Planet Ark to collect and recycle toner and ink cartridges. Visit www.lexmark.com.au for more details.
