MFC-7220

- Laser Fax
- Laser Printer
- Laser Digital Copier
- Digital Black and white Scanner
- PC Fax
- Telephone Handset

High-quality laser printing,  
digital copying, digital black  
and white scanning and  
faxing in one small footprint.

## Main Features

### 1/ Laser Printer

Outstanding performance is certain, thanks to print speeds of up to 20 pages per minute\*. A printing resolution of up to 1200 x 600 dots per inch also assures you of professional quality. Brother provides 16MB of standard memory in the MFC-7220. GDI emulation is installed, and the choice of parallel, Full-Speed USB 2.0 and optional network means connectivity isn't an issue.

### 2/ Laser Fax

For convenience, you can fax a range of documents using the up to 20 sheet\*\* Automatic Document Feeder. A combined 'out of paper' and 'fax transmission' memory facility allows up to 400 pages to be stored†. With 10 one-touch numbers, 200 speed dial numbers and a further 260 broadcast locations, dialling is both quick and easy.

### 3/ Laser Digital Copier

The performance as a desktop copier is consistently impressive. The Automatic Document Feeder is capable of handling up to 20 A4 sheets\*\*, removing the need to stand over the machine changing page after page of your original. Up to 99 copies can be generated at one time, and stack and sort functions eliminate the need for rearranging or hand-collating. In addition to this, the ability to reduce or enlarge documents between 50% and 200% affords you the copying versatility you have come to expect from Brother.

### 4/ Digital Black and White Scanner

With a resolution of up to 200 x 400 dots per inch, you can be reassured that scan quality is not compromised. Multiple page scans can be generated using the Automatic Document Feeder and the 'Scan' key offers flexibility by enabling you to scan directly to OCR, E-mail, Image or File.

### 5/ PC Fax

This feature allows the user to send faxes from any desktop application in either Windows® or Mac® network environment▼, as easily as sending a print job. In addition, the user can

broadcast the same document to multiple Fax numbers using Brother PC Fax address book.

### 6/ Telephone Handset

A telephone handset is provided to ensure convenience and a fully integrated office solution.

## Other Features

### Simultaneous Operation

Brother has simultaneous operation, therefore enabling you to print whilst sending a fax or begin scanning while a document is being printed.

### LCD and Function Keys

The LCD display ensures it is easy to read the status of the MFC-7220. Additionally the function key makes it easy to see which feature is selected.

### Paper Handling

There is a paper capacity of up to 250 sheets\*\* and a single sheet feeder as standard

### Compatibility

In the modern office, with an increasing number of users working from different systems software, workgroups require a cross-platform printer. That's why, the MFC-7220 has optimised drivers for Windows® 98 / 98(SE) / Me / NT® 4.0WS / 2000 / XP, Mac OS® 9.1 to 9.2/OS® X 10.2.4 or greater.

## Environmentally Friendly Features

### International Standards:

#### ISO 14001

As one of the Australia's leading Multi-Function Centre manufacturers, Brother takes its environmental responsibilities very seriously. Brother Multi-Function Centres® are ISO 14001 compliant meaning that they are manufactured in accordance to international environmental standards.

#### Energy Star

Additionally, Brother Multi-Function Centres® are Energy Star™ compliant and use less electricity making them extremely efficient to run.

#### Separate Drum and Toner Cartridge

All Brother Laser Multi-Function Centres® come with a separate drum and toner cartridge. Unlike some other laser Multi-Function products, when the toner runs out or drum wears out simply

replace that item. Another feature from Brother that saves you money and is better for the environment.

All Brother consumables are fully recyclable as part of the Planet Ark cartridge recycling for zero waste programme.

### Software

Brother supplies industry standard software to enhance the key functions of your machine:

- Scansoft® Paperport®▲ Turns piles of paper and photos into organised digital files that you can quickly find use and share.
- OCR software▲ Easily turns printed pages into editable electronic documents.
- Brother PC-Fax software▲ Send and receive faxes directly from your PC.
- Remote set up facility▲ Configure the settings of your machine from your PC.
- Newsoft Presto!® Page Manager® for Macintosh® including OCR▲ Document management software for Macintosh users

▲ Please see driver table for details on your operating system.
