Brother's Office Laser Printer with Wireless Network Capability and Built-in Duplex

Designed for the most demanding office environment with network capabilities, Brother's monochrome office laser printer HL-5370DW achieves printouts at high print speed. It's high print resolution produces professional-looking business documents. With a built-in duplex function, the printer saves paper by double-sided printing. The printer is cost effective with maximum drum and toner usage. You can always be sure of optimum performance at work with Brother at your side.

High Speed Printing with Maximum Performance

This printer has a high print speed of up to 30 ppm¹ for single page printing and up to 13 ppm² for duplex printing. With a true 1,200 x 1,200 dpi resolution³, the HL-5370DW ensures your printouts are professional-looking for your business needs.

Low Operating Costs

With a separate toner and drum technology, the HL-5370DW reduces your total cost of ownership. As the drum cartridge is being maximised after several toner cartridges are depleted, costs are reduced to the minimal. The HL-5370DW includes a standard toner which prints up to 3,000 pages¹

Environmental Friendly with Cost Savings

The HL-5370DW has a built-in duplex function to save paper by printing on both sides of the paper automatically. In addition, its N in 1 printing and booklet printing features enable you to save on paper. The environmentally-friendly HL-5370DW is Energy Star compliant to ensure minimal usage of power.

¹In accordance with ISO/IEC 19752

²13 sides per minute, 6.5 sheets per minute (A4)

³Using 1,200 dpi setting (1,200 x 1,200 dpi), the print speed will be compromised

Compatible to Suit All Business Environments

With flexible support on all major operating systems including Microsoft® Windows, Macintosh® and Linux, business users will find it a breeze to print with the HL-5370DW

Network Connectivity for Sharing of Resources

Equipped with an Ethernet port and an integrated 10/100 Base-TX network card, the sharing of resources is possible in a small workgroup to optimise IT investment. With the support of advanced network protocols such as APIPA⁴ and DHCP⁵, network connectivity is greatly simplified.

⁴APIPA – Automatic Private IP Addressing

⁵DHCP – Dynamic Host Configuration Protocol

Network management tools for efficient IT support

Depending on the size of your network, Brother has an array of network management tools to choose from to best-fit your requirement. The BRAdmin Professional Software for administering LAN connected devices, or the Enterprise edition Web BRAdmin for WAN devices is available for efficient network management and client support.

Brother's easy-to-use network management tools give you complete control of your networking environment. Attention required such as low toner levels, mechanical attention or print job errors on the machine are automatically reported to the network administrator via email for quick rectification.

What's more, you can even customise the degree of error settings that you would like to be alerted on. As a result, you now have the freedom of viewing and adjusting the printer or network settings, without leaving your desk.

Automatic Email Notification

There is also automatic e-mail notification regarding the status of the printer. If there is a technical fault, paper jam or low toner, the relevant person can be set up to receive an e-mail so that action can be taken immediately, again limiting the frustration of downtime.

Booklet Printing

Booklet printing becomes a simple and easy way to create a more professional range of documents for both internal and external presentations. Furthermore, this feature saves on paper costs, as a 32 sheet A4 document can be reduced to an A5 booklet comprising of 8 A4 sheets.status of the printer.

Supports IPv4 & IPv6 protocols to safeguard investment in the future.

The current IPv4 as well as the upcoming IPv6 protocols are being supported to safeguard your investment even in the future, and handle any transition period effectively without any upgrading costs.

Paper capacity to handle every requirement

Coping with increasing printing requirements from your workgroup is easy. The HL-537DW comes with a 50 sheet multipurpose tray and 250 sheet paper tray as standard. Add one or two optional paper trays, to increase your total paper capacity to 800 sheets, allowing your workgroup to comfortably cope with any changing circumstances without needing to replace your printer.

High Speed Printing with Maximum Performance

The HL-5370DW has a high print speed of up to 30 ppm¹ for single page printing and up to 13 for duplex print. With a true 1,200 x 1,200dpi resolution², the HL-5370DW ensures your printouts are professional-looking for your business needs.

Low Operating Costs

With a separate toner and drum technology, HL-5370DW reduces your total cost of ownership. As the drum cartridge is being maximised after several toner cartridges are depleted, costs are reduced to the minimal. It is shipped with a standard toner with up to 3,000 pages³ and the option of a high-yield toner with up to 8,000 print pages⁴ for bulk savings.

Compatible to Suit All Business Environments

With flexible support on all major operating systems including Microsoft® Windows, Macintosh® and Linux, business users will find it a breeze to print with the HL-5370DW.
