COME SHARP PRODUCTS™

The Sharp FO-2950M Offers Advanced Multifunction Features That Truly Deliver

Feature-Filled Faxing to Enhance Productivity

Get efficient fax performance with these time-saving features that really add up.

- Fast 14.4 Kbps modem
- Up to 6 seconds per page transmission speed
- 2 MB Memory (approx. 120 pages)
- Standard letter/legal adjustable 200-sheet paper tray
- Standard 20-sheet automatic document feeder
- E-mail feature automatically scans documents at the touch of a button
- 100 Speed Dials/20 Rapid Dials
- Distinctive Ring Detection

Get high quality laser output—fax after fax.

- Standard, Fine/Halftone, and Super Fine modes as well as 64-level gray scale
- Plain paper convenience

High Quality Printing

With 1800 dpi laser output, your documents never looked so good.

- High-quality 1800 dpi laser output with Resolution Enhancement Technology
- Quick, 8 page per minute print speed
- 256 halftone levels for crisp, clear output of graphics and photos

Now you can have all the advanced features of a high-volume multifunction fax in one incredible machine! Whether you need to fax, copy, print, scan, or e-mail a document, the FO-2950M has the power to handle it all—with the reliability you demand.

Copying Convenience

Versatile copy functions that put you in control.

- Multicopy capability enables users to make up to 99 copies
- Sorting and grouping feature
- 600 dpi resolution

Swift Scanning

Scanner allows for easy document management, transmission, and archiving.

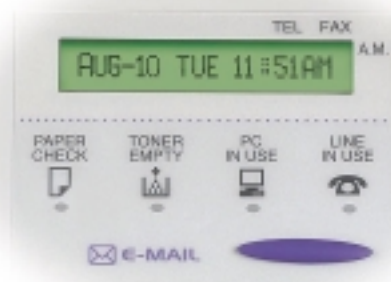

- 600 dpi scanning
- 256 level grayscale
- 7.5 second per page scan speed

Scan to E-mail for Instant Distribution

Send digital faxes instantly within workgroups, across networks, or over the Internet.

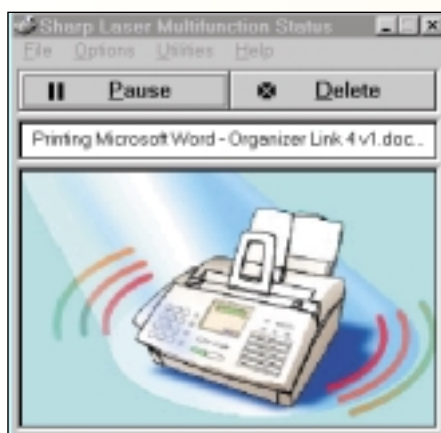

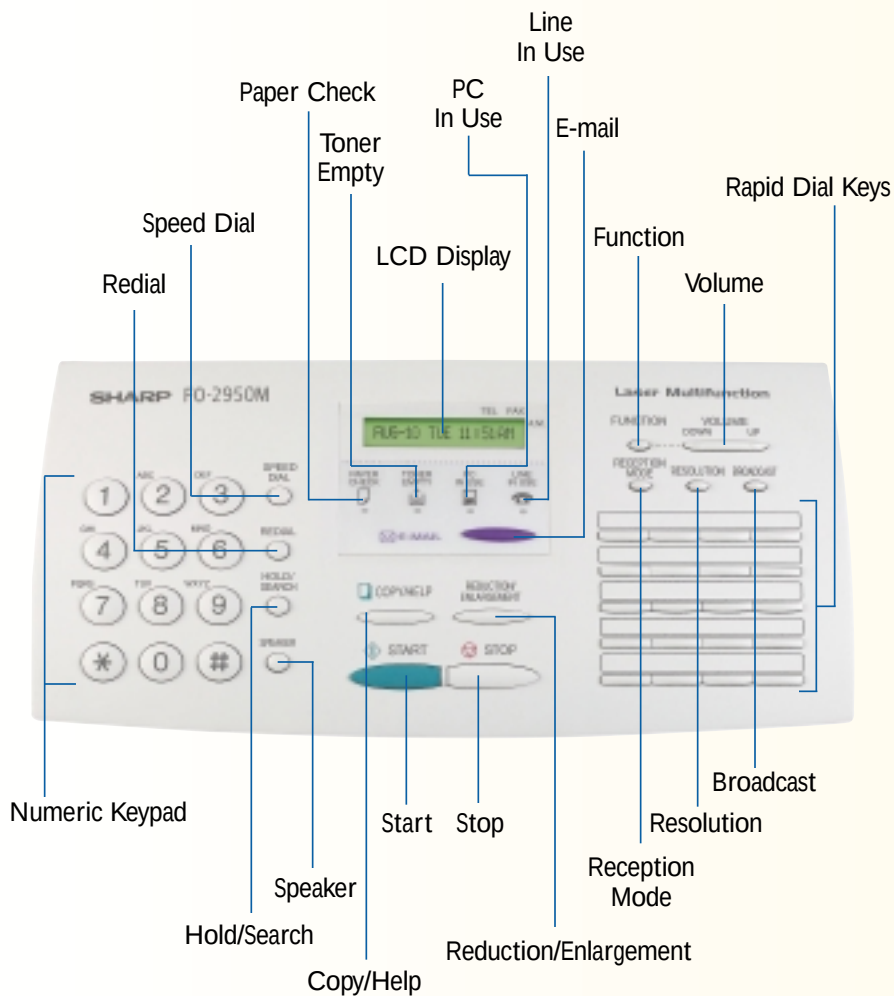

- **E-mail Key** automatically scans and converts documents into an e-mail attachment and saves them directly to your desktop, ready for distribution.
- **One Touch Scan to E-mail** enables you to scan and e-mail a document directly to 16 pre-programmed e-mail addresses using the rapid dial keys. Documents can also be sent to up to 120 e-mail addresses using speed dial. Group keys allow you to e-mail your documents to one or more e-mail addresses.
- **Fax Router** enables you to retrieve an incoming fax from anywhere in the world through your e-mail provider, so you'll never miss an important fax.

With Sharp's innovative scan to e-mail technology, you can instantly e-mail any document within workgroups, across networks or over the Internet with the touch of a button!

Advanced Controls at Your Fingertips!

Versatile features for increased productivity are just a touch away with the easy-to-use control panel. User friendly multifunction software enables you to access all of the FO-2950M's powerful functions with the touch of a few buttons.

Sharp's user-friendly multifunction software enables you to access powerful printing and scanning, plus the capability to send e-mails with one-touch simplicity.

Building On A Foundation Of "Fax Firsts"

Sharp was the first to place 100,000 fax units domestically, achieving this in 1987, only three years after entering the market. Sales doubled the following year, placing Sharp in the number one position for the second consecutive year. In 1990, Sharp became the first to sell a total of one million facsimile machines, and in 1997, became the first fax company to achieve this sales figure in a single year. Besides being the world's leading fax seller, Sharp was also the first to introduce the innovative desktop color facsimile and the first to feature duplex faxing.

Sharp maintains its leadership status with business customers by offering a full line of office products renowned for their quality and reliability, backed by the most extensive service support in the industry. At Sharp, our goal is to improve people's lives through technology and innovation. We are proud of our ongoing commitment to quality, reliability, and unparalleled customer care, and we will continue to expand our full range of high performance fax products for maximum office productivity.
